Interactive e-learning resource and assessment tool package: Chainsaw Operation – 2 nd edition (2021) *
<input type="checkbox"/> \$330 per USB drive – containing the following electronic files: <ul style="list-style-type: none">• interactive e-learning presentation of <i>Chainsaw operation – Beginner to Advanced</i>• assessment tools for all FWP and AHC chainsaw competencies (in PDF and customisable Word versions)• mapping documents for assessment tools (in customisable Word versions)
Note that there are conditions of usage that apply to this electronic resource – see overleaf for details. By ticking the box above, you are confirming that you have agreed to abide by these conditions, unless written approval is granted by Workspace Training for other uses.

* All unit prices include GST and postage within Australia. Please see notes on next page for more details.

Details on resources

Below are further details on the resources listed on the previous page. For more information on the content material, and to see excerpts from the resources, please go to the relevant pages on the Workspace Training website (www.workspacetraining.com.au).

Hard copy booklets

Chainsaw operation – Maintenance, Crosscutting and Pruning covers background knowledge material aligned to five competencies from the AHC and FWP Training Packages – current as of January 2021. It also includes pole saw operation, plus information on tree defect assessment and environmental care.

Chainsaw operation – Beginner to Advanced covers all material contained in *Chainsaw operation – Maintenance, Crosscutting and Pruning*, plus the skills involved in falling trees at basic, intermediate and advanced levels. It is aligned to nine competencies from the AHC and FWP Training Packages – current as of January 2021.

Tree Workers Manual provides background information for learners undertaking training in arboriculture or powerline tree trimming. The content material is aligned to nine competencies from the AHC and UET Training Packages – current as of January 2021.

Electronic resource

Interactive e-learning resource and assessment tool package: Chainsaw Operation – 2nd edition (2021) comprises the following electronic files on a USB drive:

- e-learning presentation of *Chainsaw operation – Beginner to Advanced*, presenting the information provided in the hard copy booklet (see above) in a PowerPoint format, with self-advancing slides, voice over narration, animated graphics, embedded video clips and many photos. **The resource can be customised if required.**
- sample assessment tools and accompanying mapping documents (in PDF and customisable Word versions) for all FWP and AHC chainsaw competencies current as of January 2021.

The following **conditions of usage** apply to these electronic files:

1. The assessment tools are provided as 'samples' only, and are designed to be customised by the purchaser to suit their own target audience and RTO compliance requirements. Although there are competency mapping documents provided, purchasers are responsible for reviewing their own assessment tools to ensure that they meet all necessary requirements under the *Standards for RTOs* and any other ASQA directives.
2. Purchasers are free to customise or rework the content material in the assessment tools and the e-learning resource. However, the original material always remains the property of Workspace Training.
3. The assessment tools and e-learning resource, and customised versions of them, are only for use within the purchaser's own organisation (as listed in 'Client details' on this order form) and with their own staff and students. Purchasers must not distribute or re-sell the materials, or allow them to be used outside their organisation, unless express permission has been given by Workspace Training.

Payment

You will be sent an invoice for payment prior to your package being posted. Note that no credit card payment facilities are available. EFT or cheque payments only are accepted. Banking details will be provided on the invoice.
